

IChE / IChemE Joint Student Membership

Benefits for Student Members

- study tools to help with your degree
 - access to news from your chosen profession (industry and academia)
 - career readiness tools for starting employment
- i. Download Student Handbook of equations that would be useful throughout the degree study and the Handbook on communication skills for engineers and scientists.
 - ii. Get online research assistance for finding relevant references by using Knovel library online, hosting over 500 science and engineering books. Also search the IChemE journal archive containing over 4,000 engineering research papers.
 - iii. Have access to the monthly online TCE magazine containing the latest technical articles, news from the worldwide profession and job advertisements from top employers.
 - iv. Receive valuable career tips from experts and find about recommended employers from around the world.
 - v. Receive regular e-news updates and events from IChE/IChemE

Upon graduation, you will be able to apply for upgraded Associate Membership of IChemE subject to current eligibility criteria.

Joint Fee Structure

	2 year subscription (Rs)	4 year subscription (Rs)
Joint Membership (for those not yet in membership of IChE)	550 /-	1050 /-
Upgrade to Joint Membership (for those already in IChE membership)	300 /-	600 /-

For an introductory period and only for students currently in their fourth or final year of undergraduate study, they can pay for one year subscription.

If they are current members of IChE, one year upgrade to joint membership costs Rs 150, and Rs 300 for non-members of IChE.
